GLOBEAIR SPONSORS 2ND EDITION OF THE RUN TO MONACO

World's leading Citation Mustang operator becomes official private jet partner of exhilarating supercar event

Linz, Austria / London, UK – GlobeAir AG, one of the leading European private jet companies, today announces its sponsorship of the 2nd edition of the exhilarating supercar event **The Run To Monaco**. The exclusive event, which is to start exactly one week from today, on Wednesday May 22nd, and will run until Sunday May 26th, has come to be known amongst supercar owners alike as the drive of a lifetime.

Sublime service on the ground & in the air

Like GlobeAir, The Run To Monaco provides its contestants with sublime service and spectacular views to create an experience that is not quickly forgotten.

During this year's drive, 30 drivers & their co-drivers will once again make their way from the London to Monaco, in time for the Grand Prix of Monaco, to be held on May 26th 2013; a journey of approximately 1500 km, which they will enjoy in their respective supercars. With GlobeAir as the official private jet partner of the event, The Run To Monaco contestants will have the benefit of being able to fly onwards after the Grand Prix from the close by airport of St. Tropez, an airport typically inaccessible to traditional airlines and other business jets, yet not a problem for GlobeAir's modern Citation Mustang jets.

GlobeAir's CMO, Mr. Mauro de Rosa, explains *"We are excited to be able to be part of such an exhilarating, high profile event. There's an incredibly strong synergy between our two companies, and we at GlobeAir share many values with the participants of The Run. We believe this event is a unique opportunity for likeminded people to meet and share their passion, something we ourselves get to do in our work every day, and we have been given the great opportunity to not only be a part of, but also to offer our services to facilitate the travels for participants in this exclusive happening."*

"Although The Run to Monaco will be the only event within the motor industry that GlobeAir will attend this year, 2013 will mark another active year for GlobeAir - our company will be involved in all sorts of events from lifestyle to sailing."

Founder and CEO of The Run to Global Ltd., Mr. Chris Welch said *“We’re thrilled to have a prestigious partner such as GlobeAir on board this year. Aiming at making this event an unforgettable journey for all our participants, bringing a private aviation partner into the mix offers us the possibility to provide an extra element of luxury, which our participants are used to and expect from us. With a dynamic and proactive partner such as GlobeAir we know, we can trust that our clients are in extremely good hands.”*
