

JetSuite and GlobeAir Launch Exclusive Transatlantic Partnership

*- U.S. and Europe Private Jet Leaders Align
to Offer Clients the Best in Private Air Travel –*

Geneva, Switzerland (May 24, 2016) – JetSuite, the U.S.’s fourth largest private jet company, and GlobeAir, Europe’s market leader in the light jet market segment, announced an exclusive transatlantic alliance today. The private jet companies will offer their clients discounts on flights between more than 4,000 airports across North America and Europe.

As part of the alliance, which launches officially at EBACE, the largest aviation exhibition in Europe, GlobeAir clients will receive a 5% discount off their first charter flight with JetSuite, as well as a \$2,000 flight credit for clients who open a \$50K SuiteKey membership with JetSuite. In addition, GlobeAir clients will obtain a \$50 credit towards any JetSuiteX flight. JetSuiteX is a new public charter operator offering regular daily flights between major west coast city markets, including San Francisco, Los Angeles, Las Vegas and Bozeman, Montana. Introductory fares start from just \$109 each way.

JetSuite’s SuiteKey members will enjoy access to GlobeAir flights within Europe and a €2,000 credit towards the purchase of a €50K GlobeAir Executive Membership. Passengers will also receive VIP treatment and dedicated GlobeAir travel consultant.

Mauro De Rosa, Chief Marketing Officer at GlobeAir announced: “We’re excited for the launch of this partnership that is aimed at creating a seamless flight experience for our passengers, providing them a consistent quality service in Europe and in North America.”

“We are pleased with the opportunity to work with such an established private jet market leader in Europe, and look forward to growing a mutually-beneficial relationship,” said Gary Soloff, JetSuite’s Vice President, Sales & Marketing.

JetSuite has provided high-end private jet service throughout North America and the Caribbean since 2009 on WiFi equipped aircraft including 4-seat Phenom 100s and 6-seat JetSuite Edition CJ3s. With the acquisition of ten Embraer E135 jets, the operator is branching out into public charter service with JetSuiteX, where a private jet experience may actually be purchased by a single seat. Best known for its unprecedented level of transparency and consumer-friendliness, JetSuite is the first private aviation company in history to quote and guarantee a price online.

Based in Austria, GlobeAir is Europe’s market leader in the very light jet market segment, offering ad hoc charter flights at affordable fares. GlobeAir operates the world’s largest fleet of 14 modern Citation Mustang jets, which are capable of landing at airports such as St. Tropez, Lugano and St. Moritz, typically inaccessible to traditional airlines and larger private jets.

About JetSuite and JetSuiteX

JetSuite's vision to provide the freedom and exhilaration of private air travel to more people than ever is realized through transparent pricing, efficient operations, acute attention to detail, acclaimed customer service, and industry-leading safety practices. Offering a WiFi-equipped fleet of Phenom 100s in the western US and JetSuite Edition CJ3s in the eastern and western US, JetSuite was recently ranked the 4th largest private jet charter company in the US for total hours flown and #2 in aircraft utilization, per ARGUS. Under the leadership of CEO Alex Wilcox, a JetBlue founding executive, JetSuite is IS-BAO certified and rated Platinum by ARGUS, the highest possible safety rating in the private jet industry. In addition, the FAA's 2012, 2013 and 2014 Diamond Award of Excellence was bestowed upon JetSuite for the achievements of the company's highly regarded teams of pilots and maintenance technicians. JetSuiteX flights will be flown by air carrier Delux Public Charter LLC FAA certificate number 4DA0970 and by JetSuite Air certificate number 9SUA667M.

About GlobeAir

Founded in Austria in 2007, GlobeAir is a private jet company that offers ad hoc charter flights at affordable fares. European market leader in the very light jet market segment, GlobeAir's innovative air-taxi business model based on a homogeneous fleet of Citation Mustang with floating bases across Europe, has proved to be successful. Now GlobeAir operates the world's largest fleet of modern Citation Mustang jets in more than 1.500 airports in Europe and North Africa, including those typically inaccessible to traditional airlines and larger private jets.
